

TAGEM[®]

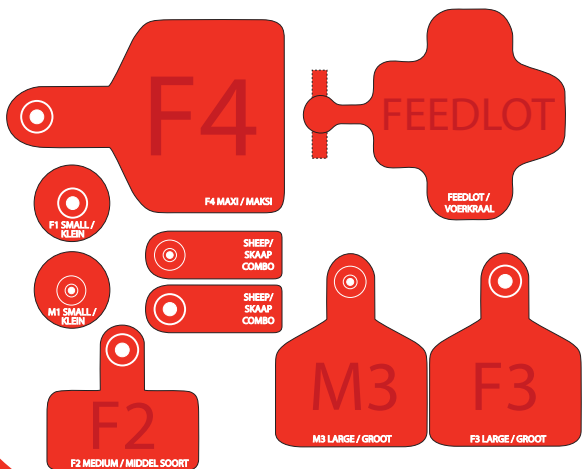

FLEXIBLE EARTAGS

Unique Double
Locking Mechanism

**TAG
ONLY
ONCE!**

Wide range with large surface area for clear marking

This UV resistant, plastic eartag is durable and designed to withstand the harsh South African weather.

The curved edges and flexibility of the eartags help ensure that they don't fall off. Tagem's patented double-locking system means the tags can't come loose.

TAG ONLY ONCE!
